All about Enkhnomin:

Enkhnomin, goes by Nomin, is excited to come to the U.S. as an exchange student. She lives with her parents and 4 siblings, for a total of 7 in her family. She enjoys listening to music and playing chess, but her true passions lie in anything that challenges the mind and body. Math is her favorite subject at school. She loves solving the Rubik's Cube and is a member of her school's speed stacking club. She hopes to become a pilot, but for now is ready to have fun sharing some recipes together. Are you excited to share your "America" with Enkhnomin?
