All about Ben:

Ben is social and loves spending time with his family and friends. The best time he spends with family is at dinner when they talk about their day or upcoming days. When he is with his friends they love to swim, talk, and BBQ together, especially on the weekends.

When he is not with his friends he is doing fitness training, running, or spending time with his dog and taking him for walks.

Ben wants to expand his vocabulary and strengthen his English skills. He also wants to share his culture and learn to be more independent.

Ben would be awesome to host!
