Eden's passion is basketball. She is closer to her younger brother because he likes it too. She trains twice a week and would like to continue playing in the U.S. but is open to try other sports.

She considers herself to be very sociable and loves to debate on topics. She is a studious student and loves school.

Eden loves animals, cooking, and reading cause it takes her to a "different world" and she can't wait to share Belgium recipes with her new host family.
